

A CAMPUS CLIMATE THAT EMBRACES DIVERSITY PROMOTES STUDENT SUCCESS.

Just as a healthy campus has positive benefits, a hostile climate has negative consequences.

BUT A POSITIVE CAMPUS CLIMATE MUST BE COUPLED WITH EFFECTIVE INSTITUTIONAL PRACTICES.

Providing students opportunities to interact with people who are different from them is key.

WITH BOTH IN PLACE, WE CAN ACHIEVE GREATER ACADEMIC AND CIVIC GAINS.

Measuring outcomes shows how well your students have developed skills for lifelong learning and responsible citizenship.
