### **PURPOSE OF THE STUDY**

You are asked to complete this survey as part of a national study conducted by the Higher Education Research Institute (HERI) at the University of California, Los Angeles. This study is designed to explore students' academic involvement, social activities, health and wellness, and interaction with faculty and peers during the first college year. Your college or university may then use this information to improve their services for first-year students and better design first-year programs and classes. The ultimate goal is to enhance student life in the first college year.
