CIRP Freshman Survey Promo Pack

We now offer templates (<http://www.heri.ucla.edu/promo-tfs-2016.php>) for you to promote your surveys via print or digital options. Publicizing the survey by using flyers, social media, school website, and emails, as well as offering incentives provided for participation can reinforce the message to students that survey results are valued and used on campus. Communicating the importance of the survey to your students can contribute to higher response rates (Dillman, 2007). [Encouraging Participation in CIRP Surveys](#) will give you more information about the factors that contribute to higher response rates, as well as more in-depth information and ideas for promoting the survey on your campus.

Websites and Social Media (Facebook Twitter, etc.) – Enter your desired tweet, post on Facebook or other social media, and attach the corresponding JPEG file. For example, on Facebook: “The Freshman Survey coming to your inbox soon! Please share your experience as a student with us! We want your input!”

Our infographics can be customized to include your institution’s data compared to the national statistics. The infographic poster can be shared online or printed out and posted on campus.
