

**2015 COLLEGE SENIOR SURVEY**  
**Research Approval Form and Certification of Research Use**

The UCLA Institutional Review Board (IRB) requires that all participating institutions make the following two certifications before the Higher Education Research Institute (HERI) can release any reports of survey results or raw data files. Please review the certifications below, mark as appropriate, and indicate the name and title of the certifying person:

This institution agrees to participate in the 2015 College Senior Survey (CSS). We understand that HERI's administration guidelines satisfy UCLA's IRB requirements for the protection of human research subjects and agree that we will abide by and comply with these guidelines. If local IRB approval of this research is required on our campus, we will administer the survey only after we have received IRB approval. No respondent will be sanctioned based on any answer provided on the 2015 CSS.

Please mark the appropriate item:

Local IRB review and approval was required on our campus

Local IRB review was not required on our campus

Because HERI now provides access to your raw data files for analysis on or download from the HERI Portal, the UCLA IRB requires that you agree to the following Certification of Research Use.

HERI provides data files to assist institutional research activities. By receiving this data file, we agree that these data will be used only for statistical analyses and reporting of aggregated information, and not for the investigation of specific individuals. In affirming this agreement, we give assurance that use of these data will conform to widely accepted standards of practice and legal restrictions that are intended to protect the confidentiality of research subjects. We also give assurance that no survey respondent will be sanctioned based on any answer provided in the 2015 CSS.
